Director and Founder: Ssendendo James

Tell: +256701283977 / +256775424300 (Direct Call)

### 1. Background of Orthodoxia Post

The concept of Orthodoxia Post was inspired by the increasingly emerging need for comprehensive publicity for ongoing events in the Orthodox Faith on the African continent and beyond. Therefore, on April 20, 2026, the concept came to life with the registration of a domain name and the creation of social media platforms for the project.

The first year of operation has proved a success with commendable following and accreditation by different hierarchs of the orthodox church in Africa. With the success recorded under the efforts of a single individual, amidst many challenges, it's time that the Grace and Love of our God be manifested through the support of generous and mission-loving people to keep the Orthodox Faith in Africa and beyond alive for the glory of our Lord and Savior Jesus Christ and Orthodox local Churches.

### 2. Project Summary

The Orthodoxia Post News Agency is a non-profit online media platform dedicated to sharing accurate, uplifting, and faith-centered news within the Orthodox Faith in Africa and beyond. It aims to inform, inspire, and connect believers by covering church activities, ministries, social outreach, and spiritual life across the jurisdictions of the Patriarchate of Alexandria and all Africa and Beyond.

### 3. Vision & Mission

**Vision:** To become a trusted source of Orthodox Church news in Africa and Beyond and Christian inspiration that strengthens faith and unity.

**Mission:** To make the Orthodox Faith in Africa and Beyond known through the use of responsible and Ethical Digital Media to report Orthodox Church missions, events, and support evangelism through truthful storytelling.

### 4. Core Objectives

- Provide a reliable online news repository covering Orthodox Church news and activities within the Patriarchate of Alexandria and All Africa, and Beyond.
- Promote Christian values and education through digital media.
- Offer training and capacity building for church communicators.
- Build a digital archive of Orthodox church-related publications, images, and videos.
- Engage in philanthropic support through publicity of verified programs in need of support to Potential helpers (donors).
